LOGAN.

Oswald Harrison's Condition Improving - Escaped Prisoner Caught. Special Correspondence.

Logan, Sept. 1.-Oswald Harrison, the young man who was so brutally maltreated by thugs in this city last Friday, is much better today, and will soon recover. His mouth, tongue and head are very sore, however, as a result of the rough handling he underwent at the hands of his assailants. Sheriff Rigby arrested three transient horse traders in Hyrum Saturday on the suspicion that they were connected with the affair, but they quickly proved an abail and were released.

Officer Critchlow, of Ogden, came to Logan today in quest of an individual named Forsyth, who is wanted in Ogden for burglary. The prisoner was arrested by Officers Rigby and King yesterday, on instructions from Ogden, he having escaped from the jail in that city.

White Man Turned Yellow. Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful stomach and liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Z. C. M. I. Drug Dept.

Geo. W. Lane, Pawam, Mich., writes: "Your Kodol Dyspepsia Cure is the best remedy for indigestion and stomach trouble I ever used. For years I suffered from dyspepsia, at times compelling me to stay in bed and causing me untold agony. I am completely cured by Kodol Dyspepsia Cure. I am recommending it to all my friends who suffer from indigestion. I always offer to pay for it if it fails. Thus far I have never paid." F. C. Schramm, Prescription Druggist, McCormick building, corner Main and First South streets.

PROVO.

Successful Jail Break. Description of Prisoners - Court Notes - Death of Thomas Orr.

Special Correspondence.

Provo, Sept. 2.-Saturday evening between 8:30 and 9:30 John Barry and Frank Lewis effected their escape from the county jail through a window from which they had previously sawn two iron bars making a hole about 12x14 inches. They were in the jail at supper time, about 8:30, and were left in the large room from which the escape was made; at about 8:30, when John Williams went to lock them in their cells for the night, they had gone, and he was unable to find them. He says he would not disclose the facts as to how he picked the lock. Sheriff Cooper, from Mesquite, where he is en route to Ogden for the purpose of being arrested, is expected tomorrow. Fuller is reported to have a very bad cold.

NILSEN ESTATE CONTROVERSY.

In the matter of the estate of Lars H. Nilsen, who died at his home in Kaneville, Weber county, Wednesday, August 28, petitions were filed for appointment of an administrator. One petition was filed by the widow of the deceased, Mrs. Ellen Nilsen, praying for her own appointment as administratrix.

Later in the day the five children of the deceased filed a petition asking for the appointment of Heber Swanner, as special administrator, to take immediate possession of the estate, and to date back to the date of the death of the deceased, and to appoint as permanent administrator, Mr. Swanner, giving bonds in the sum of \$2,500. The petition of the children is somewhat sensational, and the hearing on the appointment of Mrs. Ellen Nilsen, set mother of the children, as administratrix, alleging that she is ignorant of the English language and incapable of administering the estate, further that she is under the influence of a certain Christian Scientist minister, to such an extent that she would be influenced in all matters pertaining to the estate, and that she prevented all medical attendance at the bedside of her husband except that of the Christian Science minister. The estate consists of real estate situated in Kaneville, money in the Ogden State bank and cash, and the county clerk's office, valued at \$6,000. The heirs are Alice N. Swanner of West Weber, Miriam L. Nilsen, Joseph Nilsen, Emmeline Nilsen and Andrew Nilsen, all of Salt Lake.

The hearing was set for the petition on Sept. 11.

MOAB.

Ninth Grade Added to the School Curriculum - Floods.

Special Correspondence.

Moab, Grand Co., Aug. 29.-Floods are in order in our little valley, but no serious damage has been done.

Three of our corps of five teachers are here ready for their coming labor. The trustees have added the ninth grade, which is a great help to the people here, and will be much appreciated.

It Dazzles the World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's on the 27th. It was thought he might know something about that, the supposition being based on the fact that he was noticed to "hang around" the neighborhood when a piece of jewelry was found the day after the burglary. (It has been thought by some of the officers that the jewelry was cached in the southern part of the city near the depot). A rather curious circumstance, one that would support the theory that the jewelry was cached and that Lewis knew the place is that yesterday another piece of the jewelry was found near the place where the first was found. Of course, if it has been there all the time otherwise, and if Lewis knew anything of the burglary, the jewelry was moved Saturday night.

The following is a description of the escaped prisoners:

John Barry, age, 24, weight, 140, height, 5 feet 10 1/2 inches, dark complexion, dark brown hair, grey eyes, second toe on right foot broken and crooked, fine small fresh scar on head, snooty face, rather shrewd looking. Wore dark grey greasy pants, no coat, light fedora hat, shoes badly worn.

Frank Lewis, age, 35, height, 5 feet 10, weight, 155, long, dark hair, sandy mustache, sandy head of two or three weeks' growth. Wore black sateen shirt, no coat, dark grey pants, wide brimmed slouch hat.

COURT NOTES.

In Justice Anderson's court, Saturday, the case of Don C. Clayton vs. Walter Jenkins was tried before a jury, which brought in a verdict in favor of defendant. The suit was the result of a horse trade between the parties which took place in Manning in July. Mr. Clayton claimed he took Jenkins' team to Mercer in order to try it and that it did not suit him, and when he came back to Manning, he expected to take his own team, which he had left with Jenkins. Jenkins, however, refused to give up Clayton's team, claiming the trade had been made. Clayton then brought suit to recover the horses. He will appeal.

The following orders have been made in the Fourth district court:

Estate of John F. and Susan E. Feerday, deceased. J. Larson appointed guardian of Martha and Roy Feerday, and Mary G. King appointed guardian of Emily Maud and Horace Feerday; bonds \$150 in each case.

Estate of Rowland Thomas, deceased; petition for distribution granted.

June, the 7-year-old daughter of Mr. and Mrs. M. M. Stephens, of the Second ward, died Friday night from diphtheria, from which she had suffered only a few days. She was a bright, winsome child and her death causes great sorrow to the bereaved parents.

the Utah Fuel company, and also makes the Rio Grande Western railroad a defendant, in which he asks twenty thousand dollars damages for the diversion of water at Sunnyside, by means of tunnels and other methods of the coal company. He values his ranch at \$200,000, and alleges that if the course of the fuel company is continued he will be damaged in all to the extent of \$150,000. He asks for an injunction to restrain them from diverting water which he alleges belongs to him. PLEASANT GROVE.

SHOCKING GUN ACCIDENT.

Marion Adams Shot in Right Wrist - A Close Call for His Life.

Special Correspondence.

Pleasant Grove, Utah Co., Sept. 2.-Marion Adams, the 15-year-old son of Thomas Adams, of this place, accidentally shot himself in his right wrist while hunting on the "Bald" mountain east of town yesterday morning.

The main artery was completely torn away and about four inches of the wrist badly lacerated. The physicians fear the member will have to be amputated. There were two companions with the young man at the time of the accident which happened in this manner: Young Adams was sitting on a large rock to rest, when his gun (a double barrel shot gun) slipped, one of the hammers struck the rock, exploding one barrel, his clothing was torn on his body, making a close call for his life.

His companions bound up the wound as best they could and the trio made their way for home, one came ahead, promoting a conveyance and met the unfortunate lad at the mouth of the canyon. Last year this family had a girl frightfully burned and her life was despaired of for months. Much sympathy is felt for them in this case.
